

Specification Sheet

Cell Collect G

Product description

Cell Collect G is an enzymatic lysis reagent for cell isolation or degradation of collagen- and gelatin-based bioinks. Follow the **Reconstitution and Cell Recovery Protocol** for a detailed description.

Intended use

Biocompatible enzymatic formulation for degradation of gelatin- and collagen-based bioinks and ECM constructs, and cell isolation, **Research Grade**. For research use ONLY. Not intended for in vitro diagnostics and in vivo uses. Not intended for administration in humans or animals.

Product number

LR020000

Shelf life

Minimum 6 months, expiration date stated on package.

Storage and handling

Store at 2-10°C. Avoid multiple freeze-thaw cycles.
Handling can be done at room temperature. Avoid temperature fluctuations.
Protect from light both during storage and handling of the product.
Keep container tightly closed in dry and well-ventilated place.

Safety

Handle in accordance with good hygiene and laboratory safety practices.
Read **Safety Data Sheet** for more information regarding ingredients and safety procedures as it is a hazardous compound.
