

CELLINK Quality Policy

The ambition of CELLINK is to create the future of health. We are doing this by offering products and services to understand and master biology.

We are committed to offer our customers a wide range of products and services that meet their requirements and provides value, this whilst still complying with safety expectations, standards and regulations.

CELLINK quality commitment:

- Customer satisfaction is a company priority
- Continue to improve products and processes
- Cultivate employee qualifications and growth
- Commit to quality culture led by management
- Comply with regulatory requirements and standards

All employees follow our approved processes and aim for continuous improvements in our daily work. With this focus we ensure an effective and efficient Quality Management System.
