

Title:  
Quality Policy

# Quality Policy

The ambition of CELLINK is to enable the future of life-saving treatments. We are doing this by providing 3D bioprinting technologies, products and services to accelerate scientific discoveries and breakthroughs.

We are committed to offer our customers a wide range of products and services that meet their requirements and provides value, this whilst still complying with safety expectations, standards and regulations.

## CELLINK quality commitment:

- Customer satisfaction is a company priority
- Continue to improve products and processes
- Cultivate employee qualifications and satisfaction
- Commit to quality culture led by management
- Comply with regulatory requirements and standards

All employees follow our approved processes and aim for continuous improvements in our daily work. With this focus we ensure an effective and efficient Quality Management System.
